

## Trail Restoration Schedule for Pt. Mugu State Park

### **The trails of Pt. Mugu State Park (Sycamore Canyon) are in dire need of our help!**

Because the Springs Fire of May 2013 burned all the chaparral and some of the large trees throughout the park, the plant roots that normally hold the soil together were destroyed. Without this support, the heavy rains in December 2014 resulted in large mudslides in the park, burying some of the trails and impacting almost all of them.

We need volunteers to help restore the trails for general access! **No experience is necessary.** We'll provide tools and instructions on how to use them safely and effectively.

To support California State Parks, the Santa Monica Mountains Trails Council (Trails Council), along with support from the Concerned Off-Road Bicyclists Association (CORBA) and other groups, is organizing trail work days in the park.

Here is the schedule for February. The starting time for all events is 8:30 am and workers will be back to their cars generally by 2:30 pm. Prepare a lunch in advance and take it with you. The [CORBA trailwork web page](#) explains what else you'll need to know. Please let the contact person know in advance that you'll be able to help out, and for details of the work day and meeting location.

**Saturday, January 31:** Wood Canyon Vista Trail (multiuse segment of the Backbone Trail), contact John Kross/Jerry Mitcham (805) 587-0721

**Wednesday, February 4:** Serrano Canyon Trail, contact Barry Dydyk 805-499-5627.

**Saturday, February 7:** Chumash Trail, contact Dave Edwards 805-985-3728 h 805-279-3029
